FOR IMMEDIATE RELEASE

ROOF CONSTRUCTION TO CAUSE LIMITED SERVICES AT LIBRARY

During the week of Sept. 26 through Sept. 30 roof construction will take place directly above the library floor. Due to recent rains, some water leakage is likely.

To protect the library collection we will be covering portions of the stacks, which will limit patron access to materials.

Beginning Monday afternoon Sept. 26 through Wednesday Sept. 28, at least, the Children's Department will be off limits to patrons, as will the children's computers. Children's programming will continue as scheduled.

As construction moves toward the east end of the building during the week, some parts of the adult fiction and nonfiction stacks will also see restricted use.

Patrons should ask a member of staff if they need help.
