FOR IMMEDIATE RELEASE

SIGN UP FOR RECYCLED FASHION DESIGN LAB AT SSC LIBRARY

Do you enjoy creating wearable art from recycled materials? Then sign up for the REcycled Fashion Design Lab at the Southeast Steuben County Library.

This program is inspired by the ARTS Council of the Southern Finger Lakes REcycled Runway Fashion Show, which benefits the ARTS.

This group will meet from 1-3:30 p.m. on Feb. 16, March 16 and April 13. The agenda for each meeting is as follows.

Feb. 16 | Introduction. Erica Flanagan will show examples from the past two years' Recycled Runway Fashion shows to give inspiration. She will cover the process of submitting a proposal to the ARTS for selection into this year's fashion show. Anyone interested in developing a design and working in a fun group setting with a large space to create is welcome to join. Attendees should bring their own materials, tools and supplies to use or share. Membership to the ARTS is not required to submit a proposal.

March 16| We'll continue assembling our creations. Help will be available for technical questions or general guidance. This is a chance to learn from one another, have immediate access to resources in the library and space to create.

Apr. 13| The wrap-up meeting will focus on everyone's successes and progress. Fashions should be near complete or finished on this date. We will discuss the possibility of a fashion show this summer at the library.

The REcycled Fashion Design Lab program is for ages eight and older. Adult volunteers are also needed to assist with this series. To sign up or volunteer, call Erica Flanagan at (607)936-3713 ext. 503.

The library is handicapped accessible. If you require special accommodations, please call us in advance: (607) 936-3713.
