FOR IMMEDIATE RELEASE

TEEN TECH WEEK: LIBRARIES ARE FOR MAKING

Teen Tech Week, set for March 8-14, is when libraries make the time to showcase all of the great digital resources and services that are available to help teens succeed in school and prepare for college and 21st century careers.

Stop by the Children's Department in the Southeast Steuben County Library between March 8-14 and try fun tech activities.

Two special programs have also been scheduled to celebrate the week.

Teens are invited to join us for a special program on Wednesday March 11 at 3:30 p.m. Try 3D printing software to customize a project for the 3D printer. It's not Science Fiction it's Science Now! Attendees should note that 3D printing takes some time so projects will be available for pick up at a later date.

Our second Teen Tech Week program is Tech Repurposed, which will be held Thursday March 12 at 3:30 p.m. Participants will create new life for old and outdated technology by making floppy disk books, resistor jewelry and more.

To sign up for the programs on March 11 and 12 call (607) 936-3713 ext. 503. For other fun tech activities, just stop by the children's desk any time during Teen Tech Week.

-30-

Programs made possible by the Friends of the Library
The library is handicapped accessible. If you require special accommodations, please call us in advance: (607) 936-3713.
