

# A leaf out of our book

What's going on at the Southeast Steuben County Library Vol. 2 Issue 9

## Try young adult books in verse

Looking for something different to read this summer? Try a YA novel written in verse. Why? Young adult novels are often well-written with fantastic story lines that teens and adults can both enjoy. A YA novel in verse is simply a novel written in narrative poetry. The format is not new, but may be new to you. So why not give it a try?

From historical fiction to modern issues and dramas, the plots range as widely as they do in the typically formatted novel.

You can find a list of YA books in verse on our Website: [ssclibrary.org](http://ssclibrary.org). You can also try goodreads or click the books to the right.
