### **Building budget transfer Resolution**

The finance committee recommends that we transfer funds to the building account quarterly rather than annually, as has been done in the past, as the building account needs funds.

The Southeast Steuben County Library's Board of Trustees, upon the recommendation of the SSCL Finance committee, approves the transfer of the following funds. The library approves the transfer of \$8,250 from the SSCL library's Capital Reserve account held at Community Bank, Corning NY. to the Library's Building account held at Chemung Canal, Corning NY. The funds transferred are for anticipated operational building costs.

## **Sustainability Update:**

Barbara McLean reported that the PR/Advocacy committee met several times over the past month. They finished the RFP for the website and identified recipients for the project. The committee is hoping to hear back by the end of March. A time frame for questions was posted, with several responders requesting further information. Proposals will be reviewed and then interviews will be scheduled with prospective designers at the end of April. The expectation is that the project will start in May and go live in the fall. The current web site will remain active while the new site is being worked on.

The committee met with Dave Rochelle, local videographer, and worked with him to get ideas of testimonials to be used to advertise the benefits/services of the library.

The committee is also working on a media package for the Tax Levy vote. They are discussing the use of letters to the editor, and other media opportunities. Lyndsie brought a post card as a template for the library to use to send a reminder for individuals to vote, and where and when to do so. Discussion continued about possible times the postcards should be distributed.

The committee has identified important stakeholders including NYS Senator Tom Omara and NYS Assembly member Phil Palmesano to get their support and get the word out.

A tax levy public statement was presented. Discussion ensued regarding the wording and understanding.

The school district will send out the resolution to all households with the facts. The library will be distributing additional information for clarification.
